Production hall Eurom, Brno

Uponor industrial underfloor heating.

Project Facts:

Location

Brno, Czech Republic

Completion

2010

Building Type

Industrial buildings

Product systems

Radiant Heating & Cooling

Address

Slatina

Project Type

New building

An industrial underfloor heating system in fact

Headquarters of the company Eurom located in Brno Slatina includes administrative, storage and production facilities. It is a standalone building hall type, which is divided into two parts. The first part consists of administration and facilities. The second part consists of single-storey building with two-aisle production hall (the building footprint 78 x 36 m). Throw the center of each vessel leads communication area, around which individual manufacturing cells are concentrated. Both vessels are heated by an industrial underfloor heating system.

Underfloor heating: Uponor PE-Xa pipes 25 x 2.3 mm in clamp track

Floor Construction: Double Layer, steel fibre concrete.

Production hall Eurom, Brno
